

Environmental Policy

Our Company Policy is to ensure that there is an on-going commitment to prevent pollution as far as is reasonable and practicable; steps will be taken to ensure that our activities do not adversely affect the environment.

The company will strive to ensure that all activities are sustainable, considering the needs of today and balancing the needs of future generations.

To achieve this standard, Management must consider their responsibilities in this area as no lesser function than their other managerial duties.

Through the setting of Objectives and Targets, the company is committed to a process of continual improvement of Environmental impacts to enhance environmental performance.

In addition, the Company will ensure compliance with all relevant legislation, codes of practice and other requirements

Managers will provide all necessary information, instruction, training, and supervision of their staff to ensure the security of the environment.

It is incumbent upon every employee to take every reasonable care for the environment and to co-operate fully to observe the statutory duties incumbent upon our establishment.
